

## Immersion Enters Into Multi-Year Patent License Agreement With Marquardt

January 30, 2018

*Marquardt to incorporate Immersion's haptics technology in automotive applications*

SAN JOSE, Calif.--(BUSINESS WIRE)--Jan. 30, 2018-- Immersion (NASDAQ:IMMR), the leading developer and licensor of touch feedback technology, today announced that it has signed a multi-year license agreement with Marquardt GmbH, providing Marquardt with access to Immersion's patented haptic technology for use in its automotive solutions. Marquardt is a leading system developer and manufacturer in the field of electro-mechanical and electronic switches and switching systems.

Immersion's TouchSense® technology enhances in-vehicle interfaces and applications. Increasingly, haptics is being designed into automotive applications as more and more vehicles incorporate high-quality tactile effects for operations such as entertainment, navigation and climate control.

### **About Immersion**

Immersion Corporation (NASDAQ:IMMR) is the leading innovator of touch feedback technology, also known as haptics. The company provides technology solutions for creating immersive and realistic experiences that enhance digital interactions by engaging users' sense of touch. With more than 2,600 issued or pending patents, Immersion's technology has been adopted in more than 3 billion digital devices, and provides haptics in mobile, automotive, advertising, gaming, medical and consumer electronics products. Immersion is headquartered in San Jose, California with offices worldwide. Learn more at [www.immersion.com](http://www.immersion.com).

### **Forward-looking Statements**

This press release contains "forward-looking statements" that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause the results of Immersion Corporation and its consolidated subsidiaries to differ materially from those expressed or implied by such forward-looking statements.

All statements, other than the statements of historical fact, are statements that may be deemed forward-looking statements, including, but not limited to, the statement that more and more vehicles incorporate high-quality tactile effects for operations such as entertainment, navigation and climate control.

Immersion's actual results might differ materially from those stated or implied by such forward-looking statements due to risks and uncertainties associated with Immersion's business, which include, but are not limited to: unanticipated difficulties and challenges encountered in product development efforts by Immersion and its licensees (including Marquardt); unanticipated difficulties and challenges encountered in implementation efforts by Immersion's licensees; adverse outcomes in any future intellectual property-related litigation and the costs related thereto; the effects of the current macroeconomic climate; delay in or failure to achieve adoption of or commercial demand for Immersion's products or third party products incorporating Immersion's technologies; and a delay in or failure to achieve the acceptance of touch feedback as a critical user experience. Many of these risks and uncertainties are beyond the control of Immersion.

For a more detailed discussion of these factors, and other factors that could cause actual results to vary materially, interested parties should review the risk factors listed in Immersion's most current Form 10-K, and Form 10-Q, both of which are on file with the U.S. Securities and Exchange Commission. The forward-looking statements in this press release reflect Immersion's beliefs and predictions as of the date of this release. Immersion disclaims any obligation to update these forward-looking statements as a result of financial, business, or any other developments occurring after the date of this release.

Immersion, the Immersion logo, and TouchSense are trademarks of Immersion Corporation in the United States and other countries. All other trademarks are the property of their respective owners.
