PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS To Be Held June 4, 2002

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Immersion Corporation, a Delaware corporation (the "Company"), for the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Silicon Valley Convention Center, 2161 North First Street, San Jose, California 95131, on Tuesday, June 4, 2002, at 9:30 a.m., and at any adjournment or postponement of the Annual Meeting. These proxy materials were first mailed to stockholders on or about April 26, 2002.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

The Company's Common Stock is the only type of security entitled to vote at the Annual Meeting. On April 12, 2002, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 19,905,470 shares of Common Stock outstanding. Each stockholder of record on April 12, 2002 is entitled to one vote for each share of Common Stock held by such stockholder on April 12, 2002. Shares of Common Stock may not be voted cumulatively in the election of directors. All votes will be tabulated by the inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes.

Quorum Required

The Company's bylaws provide that the holders of a majority of the Company's Common Stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Votes Required

Generally, stockholder approval of a matter, other than the election of directors, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Directors are elected by a plurality of the votes of the shares present in person or by proxy and entitled to vote on the election of directors. Shares voted to abstain on a matter will be treated as entitled to vote on the matter and will thus have the same effect as "no" votes. Broker non-votes are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter, but are counted as present for quorum purposes. The term "broker non-votes" refers to shares held by a broker in street name, which are present by proxy but are not voted on a matter pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. The election of directors and ratification of the appointment of independent public accountants are generally considered to be routine matters on which brokers may vote without instructions from beneficial owners.

Proxies

Whether or not you are able to attend the Company's Annual Meeting, you are urged to complete and return the enclosed proxy, which is solicited by the Company's Board of Directors and which will be voted as you direct on your proxy when properly completed. In the event no directions are specified, such proxies will be voted as follows: (i) FOR Proposal No. 1, the election of the Board nominees named in this Proxy Statement or otherwise nominated as described in this Proxy Statement; (ii) FOR Proposal No. 2; and (iii) in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting. You may also revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date before the beginning of the Annual Meeting to Victor Viegas, President, Chief Operating Officer and Chief Financial Officer of the Company, at the Company's principal executive offices. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company, and in addition to soliciting stockholders by mail through its regular employees, the Company may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have stock of the Company registered in the names of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by officers and employees of the Company may also be made of some stockholders in person or by mail or telephone following the original solicitation.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Pursuant to the Company's Amended Certificate of Incorporation (the "Certificate of Incorporation"), the Company's Board is divided into three classes — Class I, II and III directors. Each director is elected for a three-year term of office, with one class of directors being elected at each annual meeting of stockholders. Each director holds office until his successor is elected and qualified or until his earlier death, resignation or removal. In accordance with the Certificate of Incorporation, Class III directors are to be elected at the 2002 Annual Meeting, Class I directors are to be elected at the annual meeting in 2003 and a Class II director is to be elected at the annual meeting in 2004.

Two Class III directors are to be elected to the Board at the 2002 Annual Meeting, to serve until the annual meeting of stockholders to be held in 2005 and until their successors have been elected and qualified, or until their earlier death, resignation or removal.

Nominees

The nominees for election as the Class III Directors are John Hodgman and Robert O'Malley. The nominees are presently serving as directors of the Company and Robert O'Malley also serves as the Company's Chairman of the Board and Chief Executive Officer. Shares represented by all proxies received by the Board and not so marked as to withhold authority to vote for Messrs. Hodgman and O'Malley (by writing Mr. Hodgman's and/or Mr. O'Malley's name where indicated on the proxy) will be voted (unless Mr. Hodgman and/or Mr. O'Malley is unable or unwilling to serve) FOR the election of Mr. Hodgman and Mr. O'Malley. The Board knows of no reason why Mr. Hodgman and/or Mr. O'Malley would be unable or unwilling to serve, but if such should be the case, proxies may be voted for the election of another nominee(s) of the Board.

In addition, the Company will pay him a severance payment equal to twelve months of base salary, plus the balance of the current term expiring on September 28, 2002. Upon his termination effective April 19, 2002, the Company will accelerate the contractual bonus owed to Mr. Hilton on January 6, 2003 of \$220,000, and compensate Mr. Hilton his severance payments of \$259,890. These amounts, net of applicable taxes, will pay in full any indebtedness and accrued interest Mr. Hilton owes the Company. Pursuant to the terms of the retention agreement the Company may elect to offset any amounts owed to Mr. Hilton against any indebtedness Mr. Hilton owes the Company. On August 29, 2001, the Company loaned Mr. Hilton \$420,000 due on January 6, 2003 at 4% interest per annum. In March 2002, pursuant to the terms of Mr. Hilton's retention agreement, the Company applied the net of tax amount of \$138,451 from Mr. Hilton's January 7, 2002 bonus against the principal loan balance. As of April 19, 2002, the Company earned \$10,436, of interest under this indebtedness. The options terminate if they are not assumed, substituted or exercised prior to a change of control.

COMPENSATION COMMITTEE REPORT

This Compensation Committee Report describes the compensation policies and rationale applied to the compensation paid to the Company's executive officers for the fiscal year ended December 31, 2001. The compensation committee has the authority to administer the Company's stock option plans, establish the level of base salary payable to the Chief Executive Officer ("CEO") and the other executive officers of the Company and the responsibility of approving the bonus program to be in effect for the CEO and the other executive officers.

General Compensation Policy. The Committee's fundamental compensation policy is to align compensation with business objectives and performance, and to enable the Company to attract, retain and reward executive officers whose contributions are necessary for the long term success of the Company. Accordingly, each executive officer's compensation package consists of: (i) base salary; (ii) annual cash bonus and (iii) long-term stock-based incentive awards. Executive bonuses for 2002 have been approved by the Compensation Committee and are based upon the Company achieving profitability in 2002.

Base Salary. The base salary for each executive officer is set on the basis of personal performance, taking into account the average salary levels in effect for comparable positions with companies having total revenues similar to the Company's. Each individual's base pay is positioned relative to the total compensation package, including cash bonus incentives and long-term stock-based incentives.

Cash Bonuses. An executive officer of the Company was guaranteed quarterly bonuses in accordance with the terms of his offer letter and his employment agreement with the Company. That guaranteed bonus was in effect for one year or less. In addition, certain of the Company's executive officers are eligible for annual bonuses based on the achievement of both corporate and functional objectives, including sales targets and patent issuances. Effective as of January 2002, the Company has adopted a revised annual cash bonus program applicable to all of the Company's executive officers that provides for the payment of bonuses based upon the Company meeting certain revenue and profit objectives.

Long-term Incentive Compensation. During the fiscal year ended December 31, 2001, the Committee made discretionary option grants to all of the executive officers of the Company under the Company's 1997 Stock Option Plan based on each officer's personal performance. Option grants were generally made at varying times and in varying amounts in the discretion of the Committee. Typically, the size of each grant was set at a level that is deemed appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with the Company, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number of unvested options held by the individual at the time of the new grant. The relative weight given to each of these factors varied from individual to individual.

Options generally vest over four years. Thus, the vesting of each option is contingent upon the executive officer's continued employment with the Company. Accordingly, the options provided compensation to the executive officer only if he remained in the Company's employ, and then only if the market price of the Company's Common Stock appreciated over the option term.

An option grant on May 1, 2001, of 431,000 shares of common stock of the Company was made to the Company's employees and vests over a two-year period. This grant was approved by the Board and subsequently granted based upon the Company wide salary reduction plan put into effect during the second quarter of 2001.

CEO Compensation. On October 22, 2000, Mr. Robert O'Malley was hired as President and Chief Executive Officer of the Company. An offer letter relating to his hiring governed Mr. O'Malley's fiscal year 2000 compensation. In approving Mr. O'Malley's compensation, the Committee focused on the importance of

[Table of Contents](#)

hiring a President and Chief Executive Officer with an outstanding business and leadership record. The final determination of his compensation was made primarily on the basis of Mr. O'Malley's qualifications for the position. For 2001, Mr. O'Malley received a base salary of \$250,000 and a one-time relocation bonus of \$150,000, offset by the 25% senior executive salary reduction program the Company incurred in the second quarter of 2001. On November 5, 2001, Mr. O'Malley signed an Employment Agreement with the Company, that entitles Mr. O'Malley to receive a base salary of \$250,000 per year, plus an annual incentive based upon the Company's annual variable compensation plan based upon the Company exceeding certain financial targets. The terms of Mr. O'Malley's employment agreement are further described in the section entitled "Employment Contracts and Change In Control Arrangements." This employment agreement is consistent with agreements in similar companies and with peer executives at Immersion.

Logitech Agreements

Logitech formerly held more than 5% of the Company's capital stock. Logitech is a licensee that accounts for a large portion of the Company's licensing and consulting services revenue. In 2001, the Company recorded revenue of approximately \$2.7 million from Logitech. In October 1996, the Company entered into a royalty-based license agreement and a technology product development agreement with Logitech. The license agreement grants Logitech a worldwide, irrevocable, non-exclusive license under the Company's patents for touch-enabled gaming products. Pursuant to the technology product development agreement, the Company provided Logitech consulting services with respect to the development of a touch-enabled joystick. In October 2001, the Company and Logitech amended this technology license agreement. Pursuant to the terms of this

[Table of Contents](#)

amended agreement Logitech is required to pay the Company certain royalties on sales of royalty bearing products.

In April 1998, the Company entered into a royalty-based license agreement and a technology product development agreement with Logitech. Pursuant to the technology product development agreement, the Company provided Logitech consulting services with respect to the development of a touch-enabled mouse. Under the development agreement, the Company also agreed that it would not enable a third-party to ship a similar touch-enabled mouse product until October 23, 1999. Pursuant to the license agreement, the Company granted Logitech an irrevocable, non-exclusive, worldwide license to technology incorporated by Logitech into a touch-enabled mouse product.

The Company signed a co-marketing agreement with Logitech in November 1999 in which the Company agreed to assist Logitech with the launch and promotion of its touch-enabled mice. Under the terms of the agreement, for a period of five calendar quarters, beginning in the first calendar quarter of 2000, the Company will reimburse Logitech for certain marketing related expenses not to exceed \$200,000 per quarter. Only third-party marketing services that are targeted at promoting Logitech's touch-enabled mice are eligible for reimbursement. In addition, all promotional activities will have to be approved by the Company in advance. In order to remain eligible for reimbursement, Logitech will have to include the Company's brand and slogan on all its marketing materials that reference touch-enabled functionality or products, and commit to other conditions regarding its touch-enabled mice. The Company's obligations under the co-marketing agreement have been fulfilled.

MicroScribe Agreements

On July 1, 1997, the Company formed MicroScribe LLC ("MicroScribe"), a privately held limited liability company with two types of outstanding membership interests — class 1 membership interests and class 2 membership interests.

In July 1997, the Company entered into an exchange agreement, a patent license agreement and an intellectual property license agreement with MicroScribe. Pursuant to the exchange agreement and the patent license agreement, the Company assigned its patents and associated intellectual property relating to three-dimensional digitizing products and the Pin-Point arm, a medical device used for image-guided biopsies whose design is based on the Company's three-dimensional digitizing product, to MicroScribe in exchange for a worldwide, royalty-free, exclusive, irrevocable license and all of the class 1 membership interests and class 2 membership interests in MicroScribe. The Company retained the class 1 membership interest and distributed the class 2 membership interests to the stockholders of the Company at the time of the exchange agreement, on a pro rata basis, including:

Name of Beneficial Holder	Percentage Interest Owned in Microscribe
Louis Rosenberg, Ph.D.	25.9%

There are no membership interests in MicroScribe other than the class 1 and class 2 membership interests. MicroScribe has not issued any additional membership interests other than the initial issuance of the class 1 and class 2 membership interests to the Company. Accordingly, stockholders who have acquired shares of the Company after the one-time distribution do not own any membership interests in MicroScribe. The following table presents information regarding the percentage interest in MicroScribe of each director, officer

[Table of Contents](#)

and 5% stockholder who has an interest in MicroScribe and each member of the immediate family of such director, officer and 5% stockholder of the Company.

Name of Beneficial Holder	Percentage Interest Owned in MicroScribe
DIRECTOR AND 2001 EXECUTIVE OFFICERS	
Steven Blank	1.0%
Louis Rosenberg, PhD	25.9%
IMMEDIATE FAMILY OF 5% STOCKHOLDER, DIRECTOR AND OFFICER	
Max and Helen Johnston	0.4%
Arthur and Marilyn Rosenberg	0.8%
Arthur Rosenberg	0.3%
Marilynn Rosenberg	0.2%

MicroScribe's sole business is the licensing of its patents and associated intellectual property to the Company. Distributable cash from its licensing activities is distributed 99% to the class 2 members and 1% to the Company, as the sole class 1 member. Pursuant to the terms of the license agreement, MicroScribe granted the Company rights to use intellectual property of MicroScribe for the development and distribution of three-dimensional digitizing products. Under the intellectual property license agreement, the Company pays MicroScribe a formula-based royalty that varies between 5% and 10% of the net receipts the Company receives from selling products incorporating MicroScribe technology. Based upon the formula-based royalty with MicroScribe, the Company recorded an expense of \$132,000 in 1999, \$117,000 in 2000 and \$167,000 in 2001. The agreement, which has a term of ten years and is scheduled to expire in 2007, also provides that beginning in 2002 the royalty rate will be set at 10% for the remainder of the license term. Products for which the Company currently pays MicroScribe a royalty include the Company's MicroScribe-3D digitizing product and the Pin-Point arm, a medical device used for image-guided biopsies whose design is based upon the MicroScribe-3D. The agreement also requires MicroScribe to indemnify the Company against claims that the technology it has delivered to us infringes a third party's intellectual property rights.

Cybernet Agreements.

In March 1999, the Company acquired patents and in-process technology from Cybernet Systems Corporation in exchange for 1,291,200 shares of the Company's common stock. In addition, the Company entered into a consulting services agreement with Cybernet, under which the Company issued Cybernet a warrant to purchase 322,800 shares of Common Stock at an exercise price of \$3.66 and agreed to pay Cybernet \$300,000. The Company paid \$150,000 of this amount in March 1999 and \$75,000 of this amount in January 2000. The Company paid the remaining \$75,000 to Cybernet in January 2001. In connection with this acquisition and consulting arrangement, the Company agreed to provide Cybernet with registration rights with respect to their common stock and the common stock issuable upon exercise of this warrant. As a result of these transactions, Cybernet is a holder of more than 5% of the Company's capital stock.

There Agreements.

In October 1999, the Company entered into a marketing agreement with There. In addition, in April 2000, the Company purchased 540,540 shares of Series D Preferred Stock of There for approximately \$1.0 million. Mr. Blank, a member of the Board, serves as a director and is a minority shareholder of There. Pursuant to the marketing agreement, There has agreed to promote the Company's Touch-enabling technologies and its licensees' touch-enabled products. The Company also has agreed to promote There's services through a number of means, including providing There up to \$300,000 for its advertising and marketing programs. In February 2001, the Company and There amended the marketing agreement. The amendment reduced by \$100,000 the amount that the Company will make available to There for its advertising and marketing programs, and further specified how the Company's touch-enabling technologies will be incorporated into There's products.

Indemnification.

In addition to indemnification provisions in the Company's bylaws, the Company has entered into agreements to indemnify its directors and executive officers. These agreements provide for indemnification of the Company's directors and executive officers for some types of expenses, including attorney's fees, judgments, fines and settlement amounts incurred by persons in any action or proceeding, including any action by or in the right of the Company, arising out of their services as the Company's director or executive officer. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Company is asking the stockholders to ratify the appointment of Deloitte & Touche LLP as the Company's independent accountants for the fiscal year ending December 31, 2002. In the event the stockholders fail to ratify the appointment, the Board of Directors will reconsider its selection. Even if the appointment is ratified, the Board of Directors, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Board of Directors feels that such a change would be in the Company's and its stockholders' best interests. Deloitte & Touche LLP has audited the Company's financial statements since 1997. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

The Audit Committee considered whether the non-audit services rendered by Deloitte & Touche LLP were compatible with maintaining Deloitte & Touche LLP's independence as auditor of the Company's financial statements.

THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED AND RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" PROPOSAL 2.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, the executive officers of the Company and persons who hold more than 10% of the Company's outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, which require them to file reports with respect to their ownership of the Company's Common Stock and their transactions in such Common Stock. Based upon (i) the copies of Section 16(a) reports that the Company received from such persons for their fiscal year 2001 transactions in the Common Stock and their Common Stock holdings and (ii) the written representations received from one or more of such persons, the Company believes that all reporting requirements under Section 16(a) for fiscal year 2001 were met in a timely manner by its executive officers, Board members and greater than 10% stockholders.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth as of March 14, 2002, certain information with respect to shares beneficially owned by (i) each person who is known by the Company to be the beneficial owner of more than 5% of the Company's outstanding shares of Common Stock, (ii) each of the Company's directors, and the executive officers named in the Summary Compensation Table and (iii) all current directors and executive officers as a group. Beneficial ownership has been determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire shares (for example, upon exercise of an option or warrant) within 60 days of the date as of which the information is provided; in computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of such acquisition rights. As a

AUDIT COMMITTEE CHARTER

**Adopted By The Board Of Directors Of
IMMERSION CORPORATION**

A. Membership

The Audit Committee shall be composed of no less than three "independent" Directors, as selected by the Board of Directors, each of whom is able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement or will become able to do so within a reasonable period of time after his or her appointment to the audit committee, including at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Such members will be elected and serve at the pleasure of the Board. Each member shall be free of any relationship that, in the opinion of the Board, would interfere with his/her individual exercise of independent judgment, and shall meet the director independence requirements for serving on audit committees as set forth in the corporate governance standards of the NASDAQ. The Board shall appoint one member of the Audit Committee as Chairperson. He or she shall be responsible for leadership of the Committee, including preparing the agenda, presiding over the meetings, making committee assignments and reporting to the Board of Directors. The Chief Financial Officer and Vice President, Controller will help plan and facilitate the Committee meetings. The Committee shall have the authority to retain the services of outside counsel, experts, and other advisors as it deems appropriate to assist in the full performance of its functions.

B. Purpose

The purpose of the Audit Committee of the Board of Directors established pursuant to this charter will be to make such examinations as are necessary to monitor the corporate financial reporting and the internal and external audits of the Company and its subsidiaries, to provide to the Board of directors the results of its examinations and recommendations derived therefrom, to outline to the Board improvements made, or to be made, in internal accounting controls, to nominate independent public accountants, and to provide the Board such additional information and materials as it may deem necessary to make the Board aware of significant financial matters which require board attention. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements. This charter shall be reviewed, updated and approved annually by the Board of Directors.

The Committee's primary purpose, with the responsibilities and powers set forth in this Charter, is truly one of oversight. The Company's management is responsible for preparing the Company's financial statements. The Company's independent public accountants are responsible for auditing the Company's financial statements. The activities of the Committee are in no way designed to supersede or alter these traditional responsibilities. The Committee's role does not provide any special assurances about the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent accountants. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent public independent public accountant or to ensure compliance with laws and regulations, and legal and ethics conduct programs.

C. Meetings

The Committee will meet with the Chairman, President and CFO of the Company at least quarterly to review the financial affairs of the Company. The Audit Committee will meet with the independent public independent public accountant of the Company prior to and upon the completion of the annual audit, and at such other times as it deems appropriate, to review the independent public accountants's examination and management report. The Audit Committee meetings may be held in conjunction with Board meetings, and

may precede or follow each Board meeting. The Committee members, Board Chairman or President of the Company shall have the power to call special meetings as required.

Functions and Responsibilities of the Audit Committee

The primary function of the Committee is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing and reporting to the Board upon (i) the financial reports and other financial information provided by the Company to any governmental body or to the public, (ii) the Company's systems of internal and external controls regarding finance, accounting, legal compliance and ethics that management and the Board have established and (iii) the Company's auditing, accounting and financial reporting processes in general. Consistent with this function, the Committee should encourage continuous improvement of, and should foster adherence to, the Company's financial policies, procedures and practices at all levels. In carrying out its responsibilities, the policies and procedures of the Committee should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems.
- Review and appraise the audit efforts and independence of the Company's auditors.
- Provide an open avenue of communication among the independent public accountants, financial and senior management, and the Board.
- Review compliance with codes of ethics or conduct and the procedures to monitor such compliance.

The Committee will primarily fulfill these responsibilities, and others as may be prescribed by the Board from time to time, by carrying out the activities enumerated below.

1. The Committee shall recommend to the Board of Directors, and evaluate, the firm of independent certified public accountants to be appointed as auditors of the Company. The Committee shall have a clear understanding with management and the independent public accountants that the independent public accountants are ultimately accountable to the Board of Directors and the Audit Committee, as representatives of the Company's stockholders.

2. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent public accountants. The Committee shall review and discuss with the independent public accountants the overall scope and procedures for their audits, including the adequacy of their staffing and compensation. Annually, the Committee shall review and recommend to the Board of Directors the selection of the Company's independent public accountants, subject to the approval of the Company's stockholders, and whether it is appropriate to adopt a policy of rotating independent public accountants on a regular basis.

3. The Committee shall discuss with management and the independent public accountants the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethics compliance programs. The Committee shall meet separately with the independent public accountants, with and without management present, to discuss the results of the auditors' examinations, including the Company's internal controls and the fullness and accuracy of the Company's financial statements.

4. The Committee shall discuss the auditors' independence from management and the Company with the auditors. The Committee shall obtain from the independent public accountants a formal written statement delineating all relationships between the auditor and the Company. The Committee shall discuss with the independent public accountants any disclosed relationships or services that may impact the auditor's objectivity and independence.

5. The Committee shall approve the retention of the independent public accountants for any non-audit services and the fees for such services.

6. The Committee shall review and discuss with management and the independent public accountants (i) any material financial or non-financial arrangements of the Company which do not appear on the financial statements

of the Company, and (ii) any transactions or courses of dealing with parties related to the Company which are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Company's financial statements.

7. The Committee shall review and discuss with management and the outside auditors the accounting policies which may be viewed as critical, and review and discuss any significant changes in accounting policies of the Company and accounting and financial reporting proposals that may have a significant impact on the Company's financial reports.

8. The Committee shall discuss with a representative of management and the independent public accountants: (a) the interim financial information contained in the Company's quarterly report on Form 10-Q prior to its filing, (b) the earnings announcement prior to its release (if practicable), and (c) the results of the review of such information by the auditors. These discussions may be held with the Committee as a whole or with the Committee chair in person or by telephone.

9. The Committee shall review with management and the independent public accountants the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent public accountants under generally accepted auditing standards.

10. The Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

11. The Committee shall discuss with the Company's General Counsel any significant legal matters that may have a material effect on the financial statements and the Company's compliance policies, including material notices to or inquiries received from governmental agencies.

12. The Committee shall review alleged fraudulent actions or violations of law reported by internal compliance programs or, under the terms of the Private Securities Litigation Reform Act of 1995, by independent public accountants. The Committee shall review management's conflict of interest' transactions.
