PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 5, 2001

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Immersion Corporation, a Delaware corporation (the "Company"), for the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Silicon Valley Convention Center, 2161 North First Street, San Jose, California 95131, on Tuesday, June 5, 2001, at 10:00 a.m., and at any adjournment or postponement of the Annual Meeting. These proxy materials were first mailed to stockholders on or about April 25, 2001.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

The Company's Common Stock is the only type of security entitled to vote at the Annual Meeting. On April 10, 2001, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 18,544,593 shares of Common Stock outstanding. Each stockholder of record on April 10, 2001 is entitled to one vote for each share of Common Stock held by such stockholder on April 10, 2001. Shares of Common Stock may not be voted cumulatively in the election of directors. All votes will be tabulated by the inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes.

QUORUM REQUIRED

The Company's bylaws provide that the holders of a majority of the Company's Common Stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

VOTES REQUIRED

Generally, stockholder approval of a matter, other than the election of directors, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Directors are elected by a plurality of the votes of the shares present in person or by proxy and entitled to vote on the election of directors. Shares voted to abstain on a matter will be treated as entitled to vote on the matter and will thus have the same effect as "no" votes. Broker non-votes are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter, but are counted as present for quorum purposes. The term "broker non-votes" refers to shares held by a broker in street name which are present by proxy but are not voted on a matter pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. The election of directors and ratification of the appointment of independent public accountants are generally considered to be routine matters on which brokers may vote without instructions from beneficial owners.

5

PROXIES

Whether or not you are able to attend the Company's Annual Meeting, you are urged to complete and return the enclosed proxy, which is solicited by the

Company's Board of Directors and which will be voted as you direct on your proxy when properly completed. In the event no directions are specified, such proxies will be voted as follows: (i) FOR the election of the Board nominee named in this Proxy Statement or otherwise nominated as described in this Proxy Statement; (ii) FOR Proposal No. 2; and (iii) in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting. You may also revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date to Victor Viegas, Vice President, Finance and Chief Financial Officer of the Company, at the Company's principal executive offices to be received before the beginning of the Annual Meeting. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

SOLICITATION OF PROXIES

The cost of solicitation of proxies will be borne by the Company, and in addition to soliciting stockholders by mail through its regular employees, the Company may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have stock of the Company registered in the names of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by officers and employees of the Company may also be made of some stockholders in person or by mail or telephone following the original solicitation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Pursuant to the Company's Amended Certificate of Incorporation (the "Certificate of Incorporation"), the Company's Board is divided into three classes -- Class I, II and III directors. Each director is elected for a three year term of office, with one class of directors being elected at each annual meeting of stockholders. Each director holds office until his successor is elected and qualified or until his earlier death, resignation or removal. In accordance with the Certificate of Incorporation, one Class II director is to be elected at the Annual Meeting, Class III directors are to be elected at the annual meeting in 2002 and Class I directors are to be elected at the annual meeting in 2003.

One Class II director is to be elected to the Board at the Annual Meeting, to serve until the annual meeting of stockholders to be held in 2004 and until his successor has been elected and qualified, or until his earlier death, resignation or removal.

NOMINEES

The nominee for election as the Class II Director is Jonathan Rubinstein. The nominee is presently serving as a director of the Company. Shares represented by all proxies received by the Board and not so marked as to withhold authority to vote for Mr. Rubinstein (by writing Mr. Rubinstein's name where indicated on the proxy) will be voted (unless Mr. Rubinstein is unable or unwilling to serve) FOR the election of Mr. Rubinstein. The Board knows of no reason why Mr. Rubinstein would be unable or unwilling to serve, but if such should be the case, proxies may be voted for the election of another nominee of the Board.

- (1) Upon exercise of the options, an option holder did not necessarily receive the amount reported above under the column "Value Realized." The amounts reported above under the column "Value Realized" merely reflect the amount by which the fair market value of the Common Stock of the Company on the date the option was exercised exceeded the exercise price of the option. The option holder does not realize any cash until the shares of Common Stock issued upon exercise of the options are sold.
 - (2) Based on the closing price of the Common Stock of the Company as reported on The Nasdaq National Market System at December 31, 2000, the last day of trading of the Company's Common Stock during fiscal year 2000, of \$7.516 per share, less the exercise price payable for such shares.

EMPLOYMENT CONTRACTS AND CHANGE IN CONTROL ARRANGEMENTS

The options granted to Robert O'Malley, President and Chief Executive Officer of the Company, accelerate in the event of a change in control of the Company and, as a result, he is terminated, if he resigns due to a material reduction in his duties or if the Company moves his principal office more than 60 miles from San Jose. If one of these events occurs, 50% of the unvested shares will become vested. In addition, if the Company terminates Mr. O'Malley's employment other than for cause, the Company will pay him a severance payment equal to twelve months of base salary (or, if lesser, the number of months before he finds other employment) and a portion of his options will also accelerate. If the termination occurs before the first anniversary of his start date, 25% of the shares will become vested, and if the termination occurs after his first anniversary, vesting will be accelerated by 6 months.

The options granted to Victor Viegas, Vice President, Finance and Chief Financial Officer of the Company, accelerate in the event of a change in control of the Company, if he resigns due to a material reduction in his duties or if the Company moves his principal office more than 60 miles from San Jose. If one of these events occurs within 18 months of his start date, vesting will be accelerated by 12 months and if one of these events occurs more than 18 months after his start date, 50% of the unvested shares will become vested. In addition, if the Company terminates Mr. Viegas' employment other than for cause, the Company will pay him a severance payment equal to six months of base salary (or, if lesser, the number of months before he finds other employment) and a portion of his options will also accelerate. If the termination occurs before the first anniversary of his start date, 37.5% of the shares will become vested, and if the termination occurs after his first anniversary but within 18 months of his start date, vesting will be accelerated by 12 months.

The options granted to J. Stuart Mitchell, Executive Vice President of the Company's Business Groups, accelerate in the event that the Company moves his principal office more than 60 miles from San Jose within 12 months of his start date, there is a change in the Company's control that results in his termination of employment or if he resigns due to a material reduction in his duties. If one of the events occurs, vesting will be accelerated by 12 months. In addition, if the Company terminates Mr. Mitchell's employment other than

7

11

for cause, the Company will pay him a severance payment equal to three months of base salary (or, if lesser, the number of months before he finds other employment) and the vesting of his options will be accelerated by three months.

The Company's 1994 stock option plan provides that, in the event of a change in control, the Board may either arrange with the acquiring corporation that outstanding options be assumed or that equivalent options be substituted by the acquiring corporation; or provide that any unexercisable or unvested portions of the outstanding options shall be immediately exercisable and vested in full. The options terminate if they are not assumed, substituted or exercised prior to a change of control.

COMPENSATION COMMITTEE REPORT

This Compensation Committee Report describes the compensation policies and rationale applied to the compensation paid to the Company's executive officers for the fiscal year ended December 31, 2000. The compensation committee has the authority to administer the Company's stock option plans, establish the level of base salary payable to the Chief Executive Officer ("CEO") and the other executive officers of the Company and the responsibility of approving the bonus program to be in effect for the CEO and the other executive officers.

General Compensation Policy. The Committee's fundamental compensation policy is to align compensation with business objectives and performance, and to enable the Company to attract, retain and reward executive officers whose contributions are necessary for the long term success of the Company. Accordingly, each executive officer's compensation package consists of: (i) base salary; (ii) annual cash bonus; and (iii) long-term stock-based incentive awards.

Base Salary. The base salary for each executive officer is set on the basis of personal performance, taking into account the average salary levels in effect for comparable positions with companies having total revenues similar to the Company's. Each individual's base pay is positioned relative to the total compensation package, including cash bonus incentives and long-term stock-based incentives.

Cash Bonuses. Certain of the Company's executive officers are paid mandatory quarterly bonuses in accordance with the terms of their offer letters with the Company. In addition, certain of the Company's executive officers are eligible for annual bonuses based on the achievement of both corporate and functional objectives, including sales targets and patent issuances. Effective as of January 2001, the Company has adopted a revised annual cash bonus program applicable to all of the Company's executive officers that provides for the payment of bonuses based upon the Company meeting certain revenue objectives.

Long-term Incentive Compensation. During the fiscal year ended December 31, 2000, the Committee made discretionary option grants to all of the executive officers of the Company other than Mr. Viegas under the Company's 1997 Stock Option Plan based on each officer's personal performance. Option grants were generally made at varying times and in varying amounts in the discretion of the Committee. Typically, the size of each grant was set at a level that is deemed appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with the Company, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number of unvested options held by the individual at the time of the new grant. The relative weight given to each of these factors varied from individual to individual.

Options generally vest over four years. Thus, the vesting of each option is contingent upon the executive officer's continued employment with the Company. Accordingly, the options provided compensation to the executive officer only if he remained in the Company's employ, and then only if the market price of the Company's Common Stock appreciated over the option term.

CEO Compensation. On October 22, 2000, Mr. Robert O'Malley was hired as President and Chief Executive Officer of the Company after an extensive search conducted by the Board, with the assistance of an executive search firm. Mr. O'Malley's fiscal year 2000 compensation was governed by an offer letter relating to his hiring. In approving Mr. O'Malley's compensation, the Committee focused on the importance of hiring a President and Chief Executive Officer with an outstanding business and leadership record. The final determination of his compensation was made primarily on the basis of Mr. O'Malley's qualifications for the position. For 2001, Mr. O'Malley will receive a base salary of \$250,000 and a one-time relocation bonus of \$150,000. In addition, he is eligible to participate with other executives of the Company in a bonus pool, the size of which depends upon the Company's revenues exceeding certain targets. Pursuant to the offer letter, Mr. O'Malley was granted a nonstatutory option to purchase, within 10 years, 500,000 shares of the Company's common stock at a purchase price of \$9.00 per share. Subject to earlier vesting, and continued employment, the option will vest as to 25% of the shares on the first anniversary of employment, with the remaining portion vesting as to 2.083% per month thereafter. The terms of Mr. O'Malley's option agreement are further described

in the section entitled "Employment Contracts and Change In Control Arrangements."

From 1993 to October 2000, Mr. Rosenberg, the Company's Chairman, served as the Company's CEO. The Committee's decision with respect to Mr. Rosenberg's 2000 salary, bonus and options was based primarily on Mr. Rosenberg's performance of his duties. In February 2000, the Committee approved an option to Mr. Rosenberg of 500,000 shares of the Company's common stock. In October 2000, Mr. Rosenberg and the Company mutually agreed to the cancellation of this option. Mr. Rosenberg did not receive a cash bonus in 2000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Neither of these individuals serving on the Compensation Committee was at any time during fiscal year 2000, or at any other time, an officer or employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Board or the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2000, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which the Company is or was a party in which the amount involved exceeds \$60,000 and in which any of its directors, executive officers or holders of more than 5% of the Company's capital stock had or will have a direct or indirect material interest other than: the salaries, options, share repurchase and other agreements that are described in the transactions described below.

OTHER TRANSACTIONS

Logitech Agreements.

In addition to Logitech being a holder of more than 5% of the Company's capital stock, Logitech is a licensee that accounts for a large portion of the Company's licensing and consulting services revenue. In 2000, the Company recorded revenue of approximately \$1.3 million from Logitech. In October 1996, the Company entered into a royalty-based license agreement and a technology product development agreement with

10

14

Logitech. The license agreement grants Logitech a world-wide, irrevocable, non-exclusive license under the Company's patents for touch-enabled gaming products. Pursuant to the technology product development agreement, the Company provided Logitech consulting services with respect to the development of a touch-enabled joystick. In March 2000, the Company and Logitech amended this technology product development agreement in response to Logitech's desire for the Company's assistance in developing an updated joystick product. Pursuant to the license agreement, Logitech is required to pay the Company a royalty of 5% of the revenue it receives when it sells a gaming product incorporating the Company's technology to third parties. If Logitech ships more than 100,000 units in a single year without a modification in technical specifications, the royalty for that product will be reduced by 0.67% for the following year. If Logitech ships more than 200,000 units in subsequent years without a modification in technical specifications, the royalty will be reduced in each subsequent year by a further 0.67%. However, the royalty rate may not drop below 3%. In September 2000, the Company and Logitech signed a letter agreement affirming that Logitech's Wingman Rumblepad product is considered a royalty-bearing product under the license agreement.

In April 1998, the Company entered into a royalty-based license agreement and a technology product development agreement with Logitech. Pursuant to the technology product development agreement, the Company provided Logitech consulting services with respect to the development of a touch-enabled mouse. Under the development agreement, the Company also agreed that it would not enable a third-party to ship a similar touch-enabled mouse product until October

23, 1999. Pursuant to the license agreement, the Company granted Logitech an irrevocable, non-exclusive, worldwide license to technology incorporated by Logitech into a touch-enabled mouse product. Pursuant to the license agreement, Logitech is required to pay the Company a royalty of 5% of the revenue it receives from the sale of touch-enabled mouse products. In March 2000, the Company and Logitech amended this license agreement to cover a new technology developed by the Company for a lower-cost, touch-enabled mouse to be targeted for use with productivity and web applications. Under the amendment, the Company and Logitech have agreed to promote the existing mouse technology together with the new lower-cost mouse technology as a product family. The amendment also requires Logitech to pay the Company a royalty of 5% of the revenue it receives from products based upon this new tactile mouse technology.

The Company signed a co-marketing agreement with Logitech in November 1999 in which the Company agreed to assist Logitech with the launch and promotion of its touch-enabled mice. Under the terms of the agreement, for a period of five calendar quarters, beginning in the first calendar quarter of 2000, the Company will reimburse Logitech for certain marketing related expenses not to exceed \$200,000 per quarter. Only third-party marketing services that are targeted at promoting Logitech's touch-enabled mice are eligible for reimbursement. In addition, all promotional activities will have to be approved by the Company in advance. In order to remain eligible for reimbursement, Logitech will have to include the Company's brand and slogan on all its marketing materials that reference touch-enabled functionality or products, and commit to other conditions regarding its touch-enabled mice.

MicroScribe Agreements.

On July 1, 1997, the Company formed MicroScribe LLC ("MicroScribe"), a privately-held limited liability company with two types of outstanding membership interests -- class 1 membership interests and class 2 membership interests.

In July 1997, the Company entered into an exchange agreement, a patent license agreement and an intellectual property license agreement with MicroScribe. Pursuant to the exchange agreement and the patent license agreement, the Company assigned its patents and associated intellectual property relating to three-dimensional digitizing products and the Pin-Point arm, a medical device used for image-guided biopsies whose design is based on the Company's three-dimensional digitizing product, to MicroScribe in exchange for a worldwide, royalty-free, exclusive, irrevocable license and all of the class 1 membership interests and class 2 membership interests in MicroScribe. The Company retained the class 1 membership interest and distributed

the class 2 membership interests to the stockholders of the Company at the time of the exchange agreement, including:

NAME OF BENEFICIAL HOLDER -----	PERCENTAGE INTEREST OWNED IN MICROSCRIBE -----
Louis Rosenberg, Ph.D.	25.9%
Bruce Schena.....	8.6
Timothy Lacey.....	10.8

There are no membership interests in MicroScribe other than the class 1 and class 2 membership interests. MicroScribe has not issued any additional membership interests other than the initial issuance of the class 1 and class 2 membership interests to the Company. Accordingly, stockholders who have acquired shares of the Company after the one-time distribution do not own any membership interests in MicroScribe. The following table presents information regarding the percentage interest in MicroScribe of each director, officer and 5% stockholder who has an interest in MicroScribe and each member of the immediate family of such director, officer and 5% stockholder.

The total distribution paid to these persons pursuant to their percentage interests owned in MicroScribe in 2000 was approximately \$47,820.

MicroScribe's sole business is the licensing of its patents and associated intellectual property to the Company. Distributable cash from its licensing activities is distributed 99% to the class 2 members and 1% to the Company, as the sole class 1 member. Pursuant to the terms of the license agreement, MicroScribe granted the Company rights to use intellectual property of MicroScribe for the development and distribution of three-dimensional digitizing products. Under the intellectual property license agreement, the Company pays MicroScribe a formula-based royalty that varies between 5% and 10% of the net receipts the Company receives from selling products incorporating MicroScribe technology. Based upon the formula-based royalty with MicroScribe, the Company recorded an expense of \$116,000 in 1998, \$132,000 in 1999 and \$117,000 in 2000. The agreement, which has a term of ten years and is scheduled to expire in 2007, also provides that beginning in 2002 the royalty rate will be set at 10% for the remainder of the license term. Products for which the Company currently pays MicroScribe a royalty include the Company's MicroScribe-3D digitizing product and the Pin-Point arm, a medical device used for image-guided biopsies whose design is based upon the MicroScribe-3D. The agreement also requires MicroScribe to indemnify the Company against claims that the technology it has delivered to us infringes a third party's intellectual property rights.

Cybernet Agreements.

In March 1999, the Company acquired patents and in-process technology from Cybernet Systems Corporation in exchange for 1,291,200 shares of the Company's common stock. In addition, the Company entered into a consulting services agreement with Cybernet, under which the Company issued Cybernet a warrant to purchase 322,800 shares of Common Stock at an exercise price of \$3.66 and agreed to pay Cybernet \$300,000. The Company paid \$150,000 of this amount in March 1999 and \$75,000 of this amount in January 2000. The Company paid the remaining \$75,000 to Cybernet in January 2001. In connection with this acquisition and consulting arrangement, the Company agreed to provide Cybernet with registration rights with respect to their common stock and the common stock issuable upon exercise of this warrant. As a result of these transactions, Cybernet is a holder of more than 5% of the Company's capital stock.

There Agreements.

In October 1999, the Company entered into a marketing agreement with There. In addition, in April 2000, the Company purchased 540,540 shares of Series D Preferred Stock of There for approximately \$1.0 million. Mr. Blank, a member of the Board, serves as a director and is a minority shareholder of There. Pursuant to the marketing agreement, There has agreed to promote the Company's touch-enabling technologies and its licensees' touch-enabled products. The

Company also has agreed to promote There's services through a number of means, including providing There up to \$300,000 for its advertising and marketing programs. In February 2001, the Company and There amended the marketing agreement. The amendment reduced by \$100,000 the amount that the Company will make available to There for its advertising and marketing programs, and further specified how the Company's touch-enabling technologies will be incorporated into There's products.

Indemnification.

In addition to indemnification provisions in the Company's bylaws, the Company has entered into agreements to indemnify its directors and executive officers. These agreements provide for indemnification of the Company's directors and executive officers for some types of expenses, including attorney's fees, judgments, fines and settlement amounts incurred by persons in any action or proceeding, including any action by or in the right of the Company, arising out of their services as the Company's director or executive officer. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Company is asking the stockholders to ratify the appointment of Deloitte & Touche LLP as the Company's independent accountants for the fiscal year ending December 31, 2001. In the event the stockholders fail to ratify the appointment, the Board of Directors will reconsider its selection. Even if the appointment is ratified, the Board of Directors, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Board of Directors feels that such a change would be in the Company's and its stockholders' best interests. Deloitte & Touche LLP has audited the Company's financial statements since 1997. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

The Audit Committee considered whether the non-audit services rendered by Deloitte & Touche LLP were compatible with maintaining Deloitte & Touche LLP's independence as auditor of the Company's financial statements.

THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED AND RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" PROPOSAL 2.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, the executive officers of the Company and persons who hold more than 10% of the Company's outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, which require them to file reports with respect to their ownership of the Company's Common Stock and their transactions in such Common Stock. Based upon (i) the copies of Section 16(a) reports that the Company received from such persons for their fiscal year 2000 transactions in the Common Stock and their Common Stock holdings and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for fiscal year 2000, the Company believes that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by its executive officers, Board members and greater than 10% stockholders, except that Mr. O'Malley inadvertently failed to timely file a Form 4 covering one transaction relating to a purchase of Immersion common stock. The report was promptly filed upon discovery of the oversight.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth as of March 20, 2001 certain information with respect to shares beneficially owned by (i) each person who is known by the Company to be the beneficial owner of more than 5% of the Company's outstanding shares of Common Stock, (ii) each of the Company's directors, and the executive officers named in the Summary Compensation Table and (iii) all current directors and executive officers as a group. Beneficial ownership has been determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire shares (for example, upon exercise of an option or warrant) within 60 days of the date as of which the information is provided; in computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of such acquisition rights. As a result, the

percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.
